

## Associated Builders and Contractors Safety Academy

December 18, 8:00 AM – 3:00 PM

“The Road to World-class Safety”

For Owners, Principals, Vice Presidents, Operations and Division Managers

*The ABC Safety Academy is designed to help attendees understand the importance of leadership commitment, cultural transformation and the safety management processes in achieving a world class safety culture. The Safety Academy is different from any other safety training you've experienced; it goes beyond the “technical” side of safety and explores the emotional and behavioral components that take safety from one of many priorities to the core value upon which all decisions are based. This in-depth exploration of what it takes to transform your safety culture and mindset will be led by industry leaders and will establish the trajectory for your organization towards world-class safety performance.*

### Schedule of Events:

#### **Safety Academy Part 1: "The Road Map to World-class Safety"**

- Dissatisfaction with Current Performance
- Leadership Commitment
- Cultural Transformation
- Deliverable - Transformation Plan for Company and Individual

#### **Safety Academy Part 2: "World Class Systems and Processes"**

- World Class Results
- Deliverable - Transformation Plan for Company and Individual
- Best Practice Systems and Process
- Balanced Scorecard

**Message from a past participant:** *"I am a former EMT-cardiac, EMT instructor, CPR instructor and advanced life support pre-hospital instructor. I thought that with my credentials, I knew it all about safety. This past week proved me wrong, and thankfully so. The program is long overdue. This program is going to do for construction what MADD did for drunk driving. It's going to save unheard of numbers of workers from injury and death. It's going to save many business owners, leaders and managers many sleepless nights and money. It would be a great thing to know that no one might ever have to be told that their brother, father, husband, sister, mother or wife will never be coming home because of something that could have been prevented!" -Skip Wolfford, president - David M. Wolfford & Son Inc., Culpeper, Va.*
