Purpose for the Event:

Solving the skilled-labor shortage is the most urgent need of our contractor members. To develop a pipeline of talent from our career and technical education schools to our members, we will be holding a career fair, on February 22, 2019 from 10:00 AM - 1 PM, as we strive to close the skills gap. As part of our commitment to career and technical education, we will provide an interview skills workshop and resources, with the students, prior to their interviews, to set them up for success.
